STEP BY STEP

# SCISSORS OVER COMB AND UNIFORM LAYERS

Divide the external area from the internal one.

STEP BY STEP

# SCISSORS OVER COMB AND UNIFORM LAYERS

Begin in the centre of the nape with the spine of the comb resting on the neck.

The lower blade of the scissors is to be kept parallel to the comb at all times.

STEP BY STEP

# SCISSORS OVER COMB AND UNIFORM LAYERS

When nearing the occipital bone, start the graduation by angling the comb out.

# SCISSORS OVER COMB AND UNIFORM LAYERS

Once the external area is completed, proceed to the posterior internal one.

Distribute and cut the hair with radial partings while following the round of the head and using the last section that was cut in the external area as the reference point.

STEP BY STEP

# SCISSORS OVER COMB AND UNIFORM LAYERS

Continue in the remaining area following the round of the head with vertical partings and using the Point Cutting technique.

STEP BY STEP

# SCISSORS OVER COMB AND UNIFORM LAYERS

Using the Deep Point Cutting technique, texturise the internal area by starting at the back and moving forward with horizontal partings until completion.
